11. **NOTIFICATIONS REGARDING OBLIGATIONS PERTAINING TO BED BUGS** - The undersigned agrees to comply and cooperate with the university regarding the prevention, reporting, and treatment of bed bug infestation.

Appearance: Bed bugs are tiny parasitic insects that, like fleas or mosquitoes, live on the blood of animals or humans. While they do not spread disease, the presence of bed bugs and their resulting bites are becoming more of a nuisance in community housing buildings such as hotels, dormitories, and hostels where travelers unknowingly spread them around. About the size of a grain of rice or smaller, and ranging in color from translucent to dark brown, bed bugs may enter a room undetected on clothing, luggage, or used furniture. For example, a traveler may pick up bed bugs in a hotel and transport them home in their luggage. Bed bugs do not fly, but can travel across floors or through wall openings (e.g. outlets), are nocturnal, and like to hide in mattresses, box springs, and bedframes.

Bed Bug Bites: A rash or trail of small red bites may be a sign of bed bugs. Whereas flea bites usually occur on the lower legs, bed bug bites may occur on any area of skin exposed during the night. Many people experience red bumps or bites, but there are some who exhibit no symptoms. Other signs of their presence include small dark brown spots on linens and mattresses.

Common Signs and Symptoms of Possible Bed Bug Infestation: Small red to reddish brown fecal spots on mattresses, box springs, bed frames, linens, upholstery, or walls; Molted bed bug skins, white, sticky eggs, or empty eggshells; Very heavily infested areas may have a characteristically sweet odor; Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them. Information regarding UC Berkeley Cal Housing's protocol addressing bed bug prevention, response, and treatment may be found on the UCB Housing web site at <https://housing.berkeley.edu/bedbugs>

12. NONWAIVER CLAUSE - Any waiver or non-enforcement by the University of any term or condition of this Agreement shall not constitute a waiver of any subsequent breach of the same or any other term or condition of this agreement. Acceptance by the University of any rental payment after undersigned's breach of any provision of this rental agreement shall not be deemed a waiver of such provisions or any prior or subsequent breach of any provision, other than undersigned's failure to make timely payment of the rental installment so accepted, whether or not the University knew of the prior breach when rent was accepted.
13. UTILITIES - The University shall provide gas, electricity, water, internet and refuse collection services, with the following noted exceptions. The University is not responsible or liable for disruption of any provisional services. Residents are provided internet access via Wi-Fi (eduroam and Berkeley-IoT), and wired connection via the extra ports on their apartment's wireless access point (WAP). WAPs cannot be relocated, nor should they be tampered with or disabled, as they provide a common-good service for residents in adjacent rooms/apartments.

Effective July 2024, personal wireless routers will NOT be permitted for use on premises. Devices that require a local area network and/or inter-device connectivity, such as smart home devices, security cameras, wireless printers, and network attached storage are NOT supported on the campus network at this time.

Personal computers, tablets, and cell phones should connect via eduroam, while entertainment devices such as smart TVs, streaming hubs, and gaming consoles, should connect via the Berkeley-IoT network. Residents can get assistance with their in-room internet connectivity by contacting Student Technology Services (studenttech.berkeley.edu/techsupport).

ADDENDUM TO THE RENTAL AGREEMENT #1
NOTICE TO RESIDENTS OF FAMILY STUDENT HOUSING

This Notice amends the rental agreement entered into between the University and the Resident. The Resident acknowledges by signing this addendum that the University has advised the Resident that the premises may contain mold. The University hereby advises the Resident that mold occurs naturally in the environment and currently federal or state standards regarding acceptable levels of mold in residential dwellings do not exist.

The Resident is required to take reasonable steps to control the growth of mold and mildew keeping the premises dry, clean and well ventilated, particularly when showering, bathing, washing dishes, or doing laundry. The Resident must notify the University immediately of the existence of any moisture, standing water or water intrusion of any kind, or mold conditions in order to provide the University an opportunity to evaluate the conditions and/or to make recommendations regarding appropriate actions. Material damage to the premises resulting from the Resident's failure to comply with this addendum may lead to liability for repair costs and/or termination of the tenancy. The Resident acknowledges that the University may reassign the Resident to another unit, terminate the Resident's Rental Agreement upon sixty (60) days' notice, or evacuate the Resident if the University determines that mold levels on the premises are unacceptable and require remediation. In the event of an immediate evacuation, the University shall provide the Resident with alternate housing for a period of thirty (30) days following evacuation at the same rental rate as that applicable to the evacuated premises.

Resident Obligations:

1. Ventilate the premises and maximize air circulation by using the fan above the stove or opening a window when cooking. Use bathroom fans while showering or bathing. Avoid placing furniture against walls or storing boxes under beds or couches. Open windows when the weather permits. Avoid unnecessary creation of moisture, such as keeping houseplants that require continually moist soil; using fish tanks; or air drying laundry inside the apartment.
2. Regularly clean the premises to avoid the accumulation of dirt and debris. Remove visible moisture accumulation from floors, walls, ceilings, windows and other surfaces as soon as possible. Regularly clean the window tracks and keep free of water and condensation. Wipe up and fully dry water spills from any source. Remove any visible mold or mildew utilizing a diluted bleach solution (one cup bleach to one gallon water) OR any mold-killing product, following manufacturer's instructions. (Do NOT Use or Mix Bleach with other cleaning products.) Some disinfectant or anti-microbial solutions may also be effective in treating and preventing mold growth. Wear gloves during cleanup and do not spread the mold. Ensure that work areas are adequately ventilated, and do not undertake such cleanup if the same is hazardous to your health, the premises, and /or any personal property.
3. Maintain proper indoor temperatures; avoid excessive heating beyond recommended guidelines (federal standard 68 F degrees).
4. Notify the Village Office of any of the following problems:
 - Evidence of a water leak, running toilets, or excessive moisture.
 - Evidence of mold or mildew-like growth that cannot be removed by applying a diluted bleach solution OR a mold-killing product.
 - Failure or malfunction in the heating, ventilation, air conditioning, or laundry systems.
 - Inoperable or malfunctioning doors or windows.

The foregoing list of preventive measures is not exhaustive but rather general examples of reasonable steps that Resident's must take to prevent and control the growth of mold and mildew.

ADDENDUM TO THE RENTAL AGREEMENT #3
FOR PARENTS WITH SCHOOL AGE CHILDREN ONLY

PLEASE NOTE: The authorization described below:

- is only for parents of school aged children who will be attending the Albany Schools, is completely **OPTIONAL**, and
- has no impact on the contractual agreement for your tenancy in University Village.

To: New University Village Residents with school age children:

Each year, the Albany Unified School District (AUSD) asks Cal Housing to provide information regarding new residents with school age children who move into University Village Family Housing. The AUSD uses this information to plan for staffing needs during the upcoming academic year in an effort to better serve your children who will be attending Albany schools.

With your authorization, Cal Housing (the Apartment Assignments unit) will provide the resident’s name as the parent/guardian, and each child’s name and birthdate to AUSD officials. To authorize the disclosure of the referenced information to the Albany Unified School District, please sign below.

Please note that this disclosure does not enroll your student in school or in any way provide priority. This information is used for planning purposes only. To register your child with the Albany School District you must schedule an enrollment appointment at the District Office at 1051 Monroe St., Albany. Please bring a copy of your University Village rental agreement (signed by a University official) to the appointment to verify your residency. **AGREEMENT FOR RENTING
ADA Accessible Apartment**

This is an addendum to the rental agreement signed on for the apartment located at _____, in which the University of California is the Lessor, and I am the Lessee. I understand that my apartment assignment, as indicated above, has been modified to be an ADA-compliant apartment. I also understand that should an incoming or current resident require an ADA-compliant apartment and needs to be accommodated; I will have to transfer from this apartment to the first apartment comparable in rent.

The University will attempt to supply as much notice as possible but no less than thirty (30) days' notice. Rental charges will be pro-rated so that I am charged only for those days I actually occupy the apartment. This agreement does not change any other terms of the rental agreement.
